## Full Cycle Contract Manufacturer

Electronics Design + Engineering • PCB Assembly  
Prototypes • Procurement • Box Builds • Fulfillment

### Your Vision, Our Experience

Our passionate and knowledgeable team is ready to collaborate with you on both new and existing projects.

Whether offering high quality electronics design and assembly, consignment or full turn key solutions, CTS is your ideal partner from concept to completion and everything in between.

We serve a wide range of industries including Biotech, Medical, Solar, IoT, Wearables, Telecommunications, and Consumer Electronics.

### Launch Solutions for Startups

Starting up can be daunting. Not sure how to put all the pieces together?

Partner with the Startup Experts to create a custom plan that fits your business and specific needs. We take you from concept and prototype to full scale manufacturing and get your product to market in the most efficient, cost effective way possible.

#### INNOVATIVE IDEAS

Our industry experts bring a fresh perspective with clever design, redesign, and end-to-end solutions to optimize performance and cost.

#### CLEAR COMMUNICATION

From our first meeting to end user fulfillment, we keep you up to date on your project progress. We're with you every step of the way.

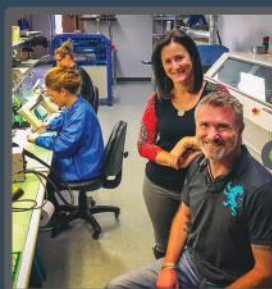

#### RAPID RESPONSE

Being nimble and flexible allows us to pivot quickly and adapt to your changes in real time, while keeping our obsessive attention to detail.

#### GENUINE PARTNERSHIP

We love solving problems. Let us ease the stress of outsourcing by providing all your needs in one place. We are invested in your long-term success.
